

**Manchester Area Historical Society
Kingsley-Jenter House
Community Place
Fundraising Campaign Begins!**

WE NEED YOUR HELP

**We must raise \$40,000 by July 7, 2016, 11:45 pm
to get State of Michigan matching funds through the Public Spaces Community Places grant
If we don't reach our goal, the state gives us \$0!**

What the money will do:

- Reroof the building
- Repair gutters, downspouts, fascia boards and soffits
- Repair plaster and repaint the main assembly room
- Purchase furnishings and fixtures for main assembly hall
(chairs, tables, cabinets, lighting, projection equipment)
- Establish a galley/catering room for food service at meetings
- Create a public gallery and exhibit area
- Improve ADA accessibility
- Install new heating and cooling system for the gallery

By completing these tasks, the Manchester Area Historical Society can accommodate many needs in our community, including a meeting space for small groups and events in a setting of Manchester area artifacts and displays.

If we meet the \$40,000 goal by July 7, 2016, the Michigan Economic Development Corporation and the Michigan State Housing Development Authority will MATCH our raised funds dollar-for-dollar, giving us an \$80,000 budget!

Full details and a project video are available at:
