Luther C. Klager Elementary School is looking for Manchester senior volunteers to provide after school tutoring support on Wednesdays after school. for its Kindergarten through 4th population of students.

Years ago, the State of Michigan implemented a Read by Grade 3 Grade law that requires that all children be able to read at grade level by the end of third grade. This ability level is tested at the end of the school year. There are also concerns about the impact COVID on our student learning.

The children are eager and enthusiastic to learn. We are currently looking for local Manchester senior citizens who may be willing to volunteer 1-2 hours on Wednesday afternoons to help children practice their reading and math skills after school.

An informational meeting will take place at Klager Elementary School on Wednesday, March 2nd at 3:15 in the Klager Media Center. If you love helping younger children and giving back to the community, this is a wonderful way to share your talents with the children of Manchester Community Schools
Please contact Klager Elementary at 428-8321 with any questions you may have before the meeting.
